Subject: Application for Mayor of Lakewood

Dear City Council Members,

I am Robert L. Bond I reside at 1231 Hall Avenue in Lakewood. I have been a Lakewood resident for 23 years. I love this city and have raised my children here my youngest daughter is a senior at LHS.

Let me start off by stating I have no real political background or experience in City Hall. I do however possess business skills and have run my own business.

I have always had a great affection for this city and I have rallied citizens in the past in an effort to stop the Denny's from being built to doing city wide clean up of the railroad tracks. I have been involved in many events at LHS and was a parish member of St. James until it closed in June.

I will also tell you as a business person I am an excellent delegator and coordinator. I am certain the city is full of experts in each department who have the knowledge to perform their jobs. I am a solid manager of people which I am confident is certainly a crucial quality needed for this job.

I have zero affiliations with any political group I am a good man with good solid fundamental qualities. I have a high degree of character and I am honest.

I would represent the city as someone from the grassroots who loves the city and would always keep the best interest of this city in the pinnacle of my focus.

If there is another and or further process I need to follow please let me know. Heck why can't an ordinary citizen run for Mayor of this great town?

Sincerely,

Robert L. Bond
1231 Hall Avenue
Lakewood, Ohio 44107
