Dear Councillors,

1. Considering the planned vacancy of Ms. Antonio, that presently occupies the office of Council-at-Large, I would like for you to consider me to hold that office if I am not chosen by the electors, during the general election this November, to represent the second (2nd) district for the Council of the County of Cuyahoga.
2. You may consider my résumé, (which is incomplete,) that is after this communication, in addition to that which I have presented to the council.
3. When persons err, or don't do that which is best, correction can be beneficial, which I have learned to receive when I err, or fail to do the best thing to do.
4. Although your's is some times a thankless but necessary job, for which you don't get much monetary compensation, and I think that most of what you do is for the benefit of our city, I see some areas the could be improved.
5. I think that the council needs the following somewhat or entirely.
 - a. A strong character such that it can withstand peer pressure.
 - b. Sufficient common sense to wit that the divine law of God is superior to the laws of creatures (men).
 - c. Sufficient common sense to wit that the judiciary ought to be checked, not heeded, when it is wrong, considering The Federalist No. 78, and history.
 - d. The initiative to fundamentally improve our society by sending resolutions to higher governments.
 - e. The sense to heed God according to the scriptures more or rather than heeding media programming to the contrary.
 - f. Promoting religion (Christianity) and morality.
 - g. A willingness to discuss and handle hot topics, such as religion, race, morality, money, and history.
 - h. A willingness to consider and decide according to merit.
 - i. A willingness to admit errors, and improve.
 - j. Communicating to improve our society according the Creator's expressed will that is in the scriptures (Christian Bible of the old and new testaments of the King James Version).
 - k. A stern enough of a character to disagree with a majority.
6. I think that, by the grace of God, I have those characters. If you consider this application, and think that you have a better candidate, I suggest that you appoint that one.
7. A council is a group of councillors that counsel each other. Persons with diverse experiences can do that. The council and city need a person that will work to improve our

society's foundation. By relying on God and using the Bible, I think that I can do that, although I might need some help.

8. Thanks for your consideration if you have considered this.
