Clerk of Council,  
12650 Detroit Road,  
Lakewood, Ohio 44107  
mary.hagan@lakewoodoh.net

Dear Clerk of Court

I am writing to request that I be appointed to the position of councilmember-at-large for the City Government of Lakewood Ohio. I have numerous reasons for requesting this appointment but the main one is that I believe that individuals have a civic duty to participate in their governments at all levels. I also believe that as an attorney I have a further obligation to serve the community which has been my home for the last five years in whatever ways that I can. It has long been my intention to run for public office and I had already determined that I would run for councilmember-at-large at the next available opportunity.

In addition to the skills I have acquired earning my J.D. from Cleveland Marshall College of Law and as a licensed attorney I also offer other valuable skills I developed prior to law school. Among these skills are:

- ❖ Respected and versatile communications abilities, with a strong focus on team building, including writing for internal and external clients, and expertise in cultivating strong working relationships by phone, e-mail and in person;
- ❖ Proven administration and multi-tasking skills, including coordinating and organizing schedules, supervising workers, participating in the hiring of employees, training personnel at all levels, and documentation and development of processes;
- ❖ Strong attention to detail when performing quality analysis on both processes and products;
- ❖ Technical proficiency in all popular word-processing, graphics, photography and presentation software, including Microsoft Office Suite, PowerPoint, Adobe PageMaker, Adobe Photoshop, and web-based editors (HTML).

Additional capabilities are listed in the enclosed résumé. I look forward to discussing the contribution I can make to our City, and welcome you to contact me by phone at 216.773.2327 or e-mail (brosser@jeanblanc-rosser.com).

Thank you for your time and attention.

Best regards,  
Bryan Rosser

Enclosure
