MADISON AVENUE, LAKEWOOD OHIO • CELEBRATING 100 YEARS!

About Madison Avenue...

Madison Avenue Merchant Association (MAMA) is thrilled to bring you the 3rd annual Madison Avenue Business Directory. MAMA is dedicated to connecting Madison Avenue area businesses to the surrounding community. Thereby, raising the level of residential and commercial activity consistent with the interests of Lakewood citizenry and smart, sustainable economic practices.

At nearly two and half miles long, Madison Avenue has been serving the Lakewood community for a century now. There are about ten churches, seven municipal and charitable health or human service offices, seven schools that serve preschool to high school, two parks, one library and fire station. You will see numerous apartment buildings and mixed-use residential units who call Madison Avenue home. Neighboring residents come from over forty intersecting streets that connect with her. Those who use the public transportation depend on her, but if you are driving by in your car chances are you haven't slowed down to experience all she has to offer.

Of the approximately 250 businesses on Madison, only about sixteen are chain or franchise businesses. Less than twenty percent of all Madison businesses actually sell merchandise that you can walk out of the store with. Of these, there is a diverse selection of specialty shops that sell the niceties that we enjoy shopping for. However, most of these wonderful shops provide more practical goods that simply are there to serve the surrounding community and their everyday lives. In either case, as is the experience with most Madison Avenue businesses, they provide unmatched expertise of their trade and valuable one-on-one service. And some of these specialty retailers are the actual creators of the products themselves! The remaining eighty percent of businesses found on Madison provide most every type of service that improves quality of life. By looking over the Table of Contents on the next page you will get a sense of just how extensive these services are.

Do you choose to live in Lakewood for any of the following reasons: convenience, character, diversity, sustainability, and community? Madison Avenue holds all of these and is here to serve you. So take that step to seek out those goods and services you are looking for, right here in Lakewood, before leaving town to find them. You will be pleased with what you discover.

How to use...

For easier reference, this directory has been organized under main and subcategories and then sorted by address location moving from east to west. Many businesses could fall under more than one category but have only been best listed once in this directory.
